About us :

I Swear Solutions prides to be at the topmost floor of technology. It adopts the latest concepts and ideas every time to provide the best possible solutions to its users.

Here we present our latest product details, which will encourage you to know more about our products. You will be aware of how we have applied our expertise to drag your attention.

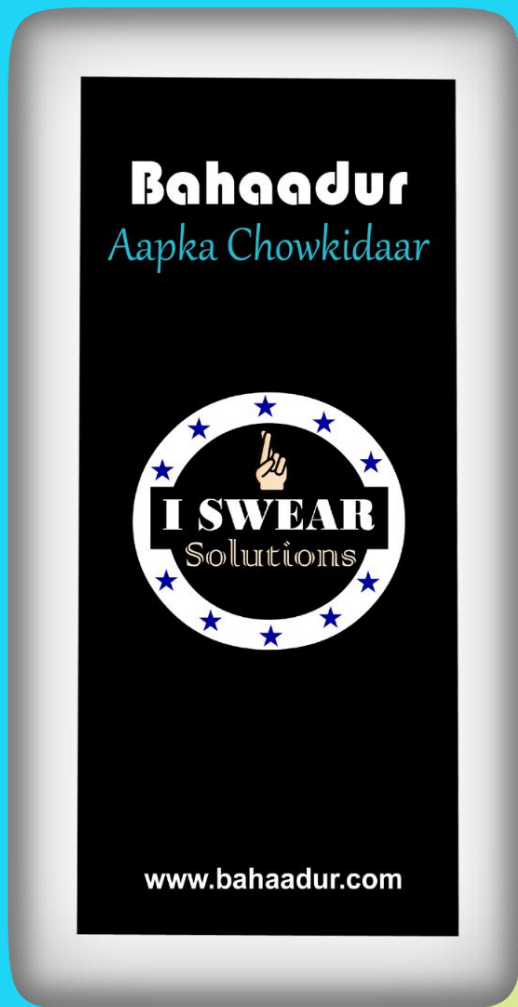

We swear to be with you all the time to assure about safety & Security.

We believe "Security is not a process but a belief".

Presenting **Bahaadur**

Home alarm System

- Bahaadur is an alarm system designed based on anti theft mechanism.
- Bahaadur will intimate you through phone call and SMS, if any unauthorized movement happens inside your house/shop/property.
- It can detect smoke/fire break inside your house/shop.
- Capable of detecting the gas leakage inside the premises.
- Battery backup, Door/shutter sensor, Motion sensor, Buzzer facilities are the key features of Bahaadur.

Door / Window sensor

Door sensor will detect if the door/window is opened by someone and send commands to Bahaadur and SMS/call will be activated.

Motion sensor

On unauthorized movement inside the house, Bahaadur will communicate with the owner through SMS/ call by getting the command from motion sensor.

Flammable Gas and Smoke Sensor:

This Gas Sensor is sensitive to flammable/combustible gases like LPG, Propane & Hydrogen.

Detecting the presence of gas/smoke it will communicate with Bahaadur.

Hooter/Siren:

The Electronic Siren is designed to meet various security needs, delivering an audible warning in the event of unauthorized activities. Its versatility makes it suitable for installation.

Product Specifications:

| SR. NO. | PARAMETERS | DESCRIPTION |
|---------|------------------------------------|---------------------------|
| 1 | Product Generic Name | GSM Based Security System |
| 2 | Auxiliary Supply Voltage | 100-275V AC |
| 3 | Operating Voltage (Adapter Output) | 9-12V DC |
| 4 | Operating Current (Standby Mode) | 10mA |
| 5 | Operating Current (Active Mode) | 85mA |
| 6 | Operating Current (GSM Mode) | 250mA |
| 7 | Adapter Output rating | 9-12V DC,2A |
| 8 | Frequency | 50/60Hz |
| 9 | Battery | 7.2V Li-Ion Rechargeable |
| 10 | Battery Backup(standby) | 24 hrs |
| 11 | Device Charging Time | 0-100% in 3 hours |
| 12 | SIM | Only 2G |
| 13 | Storage Temperature | -10 to +70°C |
| 14 | Humidity (Non condensing) | 98% (RH) |
| 15 | Enclosure | ABS Box |
| 16 | Dimension (L x W x H) mm | 160x115x50 |
| 17 | Weight gm | 400gm |
| 18 | Degree of Protection | IP20 |
